

## **Peach, blueberry and goat cheese summer salad**

### **For the Salad:**

In a large bowl, combine the below ingredients in a ratio that is complimentary to your taste preference. Like blueberries? Extra goat cheese? Get some! There are no rules to summer salads. Toss with the below dressing or arrange dry on a plate with plenty for dipping.

Choice of lettuce- we used a mix of baby greens

Peaches (ripe, but firm)- sliced thin

Blueberries- as many as you want!

Goat cheese crumbles

Sliced almonds

Red onion- sliced thin

### **For the Dressing:**

Combine all ingredients in a food processor and blend until smooth. Because of the peaches, the end result will be thicker than a traditional oil and vinegar dressing.

1 ½ peaches (ripe)- peeled/pitted and cubed

¾ cup vegetable oil

½ cup white vinegar

1 TBSP- Dijon mustard

4 TBSP- Brown Sugar

Salt, pepper and garlic powder- to taste

Make it a meal? Add some grilled chicken for a complete dish

***Protein Source (optional) - Grilled Chicken***
